

## Notes to the Town

Let's celebrate the 15th Annual Oatka Festival! This is the weekend that LeRoy opens her heart wide to one and all. Welcome home to all those scattered across the globe, we invite you enjoy the changes to our community and embrace the community spirit this weekend. We hope you enjoy fun, rest and relaxation home among friends and family.

It is with great sadness, the Town Board accepted the resignation of Recreation Director, Kathy Bugajski. Kathy has brought a level of professionalism to our recreation program once only dreamed of. Kathy will be with us through the entire recreation summer program. September, will see her and son Matthew join her husband in their new location. Kathy has provided organization, creativity and dedicated focus to the LeRoy Recreation program. We thank you Kathy.

Now the board has the daunting task of finding the right person to carry forward our recreation program. You will notice that advertisements have been placed and Kathy will be an active part of the search along with representation from Town and Village boards and the recreation board. If you have comments about the recreation program that you feel vital to our moving forward please contact us at 768-6910 ext. 231, Shelley or ext. 226 Kathy. These comments will prove to strengthen and build recreation program encompassing all of our community.

Transfer Station has roll offs for the month of July. Please purchase your punch cards at the Town Hall in denominations of \$15.00 or \$30.00. Note, no punch cards are sold at Transfer Station, however, if you mail in the \$15.00 or \$30.00 fee, Town Clerk Patty Canfield will mail your requested punch ticket back to you.

Free at the Transfer Station are wood chips to all residents of the Town and Village. Transfer Station is open 9:00 AM to 3:00 PM every Saturday. For further information or questions please call Jerry Roth at 768-8744.

Free Rabies Clinic – reminder July 17, 2003 from 1:30 – 4:30 PM at the LeRoy Village Department of Public Work Facility at 58 North Street. Cats and dogs must be able to be controlled and accompanied by owner. Suggested donation for Genesee County residents is \$5.00 per animal.

Recreation Program is in full swing, pool memberships have increased two fold this year. Watch for the amazing mural to come alive on the south side of the pool house. Local Artist, Lorie Longhany is creating this fun depiction of summer fun with the aid of recreation staff and local youth. Lorie is providing an art camp in conjunction with the recreation department, sign ups continue. For more information please see the summer rec. blue book. If you need a blue book, they are available at: Town Hall, Village Hall, Pool Office, Woodard memorial Library and LeRoy Historical Society.

We also encourage adults to take advantage of the offerings of adult programs. Especially the Creek side Concert Series held every Thursday evening on Wolcott Street. Your comments are directed to Rec. Director, Kathy Bugajski, 768-6910 ext.226.

Town Board activity this summer time includes water districts, building design criteria review and working to bring current zoning into compliance with Town adopted Comprehensive Plan. The Planning Board has the lion's share of the work in the zoning and design criteria areas. Once those are drafted the Town Board accepts the draft and presents to the community. Community input is vital at that point. Watch for call to action when that time is upon us.

In water arena, Water District #6 (Lake Road) has many services in. Homeowners are very pleased to have a constant supply of water. We thank the Village for their willingness to serve as supplier to that district.

Town of LeRoy has received notice that USDA Rural Development funding is available to two new areas of possible public water service. Neid Road is already a formally created water district and a proposed water district extension on Asbury Road. Both funding packages are low interest loan and grant opportunities. Town Board invited both area landowners to discuss these opportunities at July 10<sup>th</sup> board meeting.

To date, we have not received funding for Extension #1 (West Bergen, Selden and Randall Roads). It is most frustrating, as the district has an obligation letter from USDA Rural Development.

Highway Superintendent Roth reports preparation of Church Road for paving. Paving will happen in August, but site work prep starts this month. Patience and consideration for the highway staff is greatly appreciated.

Regularly scheduled meetings for the next month are: July 24 and August 14, 7:00 PM at Town Hall, 48 Main Street. Plan on joining us.

Shelley Stein 768-6910 ext. 231
